

## NOTICEBOARDS For PARISHES

We have been asked about providing Notice Boards for use in Churches....the ones for putting up notices and displays within our buildings. Working on a minimum number of 20 sets of boards which come with carrying case, we can provide them to parishes and other organisations for £150. (The same price as 6/7 years ago!).

I would encourage every church to have a set of display boards, particularly if you are one that attracts lots of passing visitors. They provide an opportunity to display not only history, but something of the living church too. Money with order, cheques to HDBF marked Display Boards on the back.

[Kerry Preedy](#) is managing this if you want more information or to register your interest in advance of your cheque.

### Features & benefits

- lightweight honeycomb construction
- Easy to transport with modular construction and carry bag
- Baseline styles allow graphics to be fixed flush within the extruded frame
- Panel size 900mm x 600mm, 6 Panels in total.
- Foam backed Loop nylon fabric.
